

Result: SS oscillates, then same outcome as opt B.

~~Quick~~ Result: SS done after 4 iterations, all NaNs

Option A

Init head

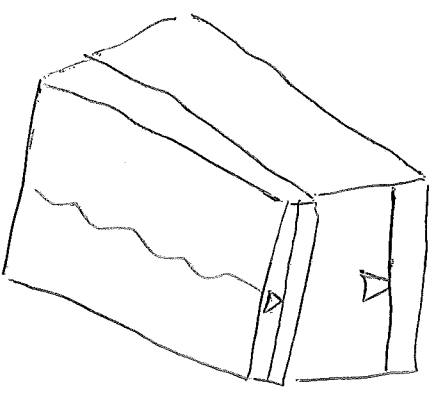

- 1 Init head 0.5m above bot of layer
- 2 Init head @ top of layer

BC

Option B

Init head

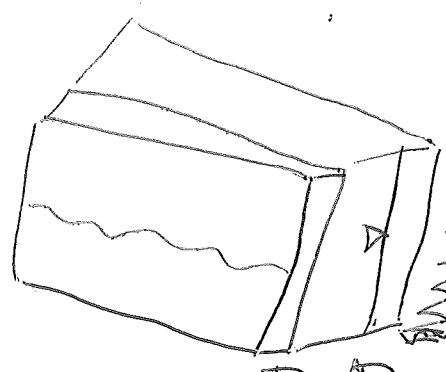

1. Init head { 0.5 above bot of layer
2. Init head { 3m above bottom

BC

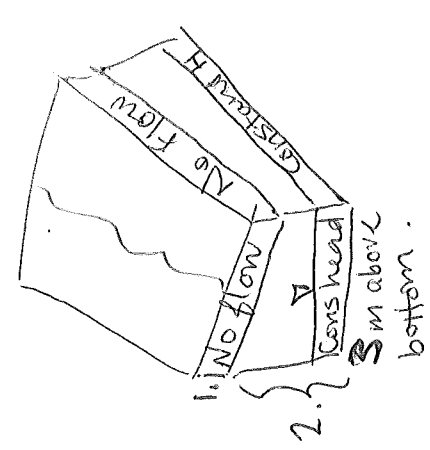

Option C

Init.

1. dry
2. Init head

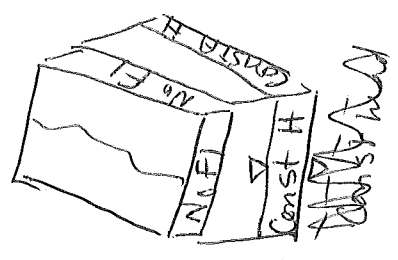

BC

1. No Flow
2. Const head 3m above bottom

Same as optn A

-1 = CONST HEAD

3m
